Hello Margaret – Benjamin Melnick suggested you as the best point of contact regarding 404 assumption matters. If you have any questions or would like assistance from the EPA, please feel free to contact me. For your reference, I'm attaching an electronic presentation that provides a general overview on assumption from EPA's perspective. Tom

Tom,

I just left you a voicemail, the best individual for you to be in touch with here at the Department would be Megan Seward, she is the Chief Advisor to our Deputy Secretary, works very closely with a lot of the different divisions and offices here at the Department.
